

WHERE CLUBS AND TOURNAMENTS GO TO GROW

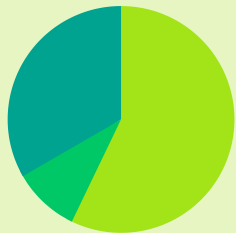

We've just returned from the Delray Beach Pickleball Tournament and we met a lot of great people! As we attend more and more tournaments we discover more about the pulse of Pickleball. The biggest take away for us is the importance of supporting Team competition. This new concept is coming soon to the world of pickleball and Den will be the first to offer it! We are the leader in technology for the Pickleball world!

What is Team Competition?

Competing in brackets with 4, 6, or more other players. All the scores of your team are aggregated. Team play is comparable to how a high school swim meet might work.

FEATURED UPDATES

COURT RESERVATION

We now offer clubs and facilities the ability to offer court reservations. We were surprised to learn In a recent unofficial poll that many Pickleball clubs provide the option for members to reserve courts for private play. To accommodate this need we have added a court reservation module. Players can also tag a sign-up sheet so friends will be notified of the court reservation!

- Offer court reservation
- Considering it for the future
- Not a consideration at this time

Watch Our YouTube Videos to Learn More:

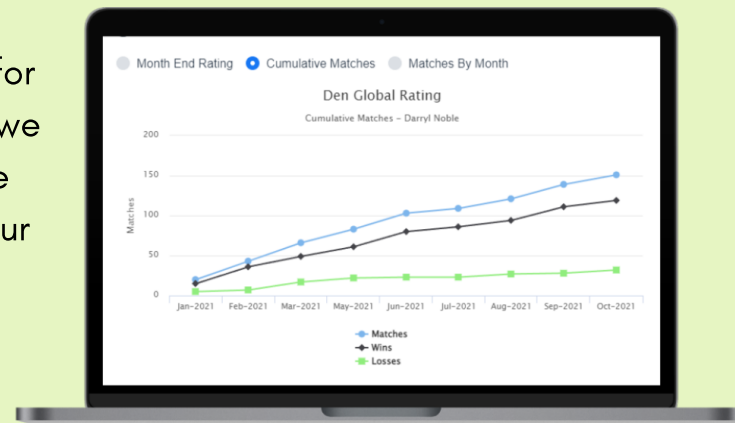

- Club Manager - Setting Up Court Reservations
- Player - Making A Reservation

GRAPHING

Graphing is the coolest thing since sliced bread, well, since Pickleball! Player ratings can be very important for various reasons, so as you play in competitive events, we track your matches and provide a history of your game play and rating. Den graphing is now included with your rating history and it provides a valuable way to understand and analyze your game play!
