

PICKLEBALL DEN

THE TECHNOLOGY POWERING THE SPORT

PICKLEBALL UNITES!

Pickleball Den had the opportunity to witness first-hand the power of pickleball in uniting players from across the globe at our first international tournament on France's Mediterranean coast. The Open Pickleball Poséidon brought together over 40 players from France, The United States, Spain, and Colombia!

Players battled it out at the Raquette Club de Port Camargue for the gold, silver, and bronze in men's, women's, and mixed doubles, as well as men's and women's singles. Despite the fierce competition, fun was had by all and players came away forming new connections and friendships.

Pickleball Den is looking forward to more international tournaments in the future!

WHAT PLAYERS ARE SAYING...

We had an unforgettable experience in a very friendly but also very competitive atmosphere. We'll be returning next year with more levels to keep more experienced players sweating. Thank you to the entire club, tournament and Pickleball Den team.

Thanks to Pickleball Den for the excellent online organization.

It was my dream to use Pickleball Den in an international setting. Thank you all for making this possible.

Sara Aiken - Tournament Director

The Port Camargue Racquet Club would like to extend a warm thanks to the Pickleball Den team ... the Poseidon Pickleball Open was a stark success and a great experience for all participants, whether competitors or spectators. **The Raquette Club de Port Camargue**

FEATURED UPDATES

RATING SUBMISSIONS

Pickleball Den now offers the ability to turn off submission of match results to a player's Den Global rating. This allows players to have competitive play without the added stress that their results will be reported to a national rating service.

“ We love the Den's ability to help us run our competitive events but we also like to provide events that are mostly for fun. ...we don't want scores from a mostly social event to affect ratings. The Den's option of turning off ratings submission allows us to conduct these types of events. The first one we tried has become our most popular event.
