FEATURED UPDATES

BRACKET FORMAT

Pickleball Den has updated our Double Elimination (Consolation) description to better reflect the format.

Double Elimination (Consolation)

Consolation bracket cannot move up to win gold. Bronze medal only.

DUPLICATE TOURNAMENT

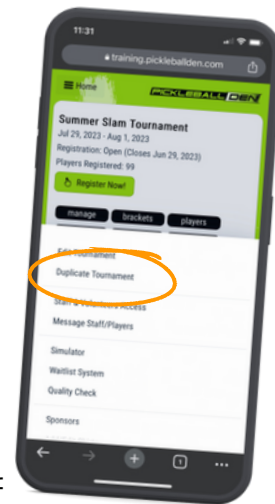

Tournament directors can now duplicate their previous tournaments when creating a new tournament with similar courts and brackets. This is also a great way to test changes for your existing tournament.

TOURNAMENT SIMULATOR

When using Pickleball Den's tournament simulator, tournament directors can now export a history of simulator changes. With this update, all directors for the tournament can see changes that have been made.

WAITLIST SYSTEM

Pickleball Den's **NEW** waitlist system allows players to join the waitlist for brackets in your upcoming tournament and automatically invites players to register as space becomes available. As tournament director, you can view who has joined the waitlist, if they have been invited to register, and when the invitation expires.
